

I am

an
industrialist

I'm trying to

manage my
industrial
company

But

the workers are
not co-operative

Because

good fire and gas
leak safety measures
are not available

Which makes me feel

frustrated

I am

a worker

I'm trying to

work in an
industry

But

it is not
safe

Because

there is no or
traditional fire and gas
leak safety measures

Which makes me feel

scared
